

WILL YOU BE A

Gene-Tech Guinea Pig?

The reckless Gene Technology Bill exposes everyone to unmeasured, potentially **catastrophic harm**.

What Does This Bill Mean for You?

- ✗ **Unlabelled Food:** Gene-edited products won't be labelled—what's on your plate & how will it affect your health?
- ✗ **Environmental Harm:** Gene contamination is irreversible — it can't be undone!
- ✗ **Sovereignty Sold:** Foreign regulators and trade deals decide what's safe for Kiwis.
- ✗ **Economic Losses:** Risking New Zealand's clean-green reputation & \$10 billion+ primary sector exports.
- ✗ **Murky Medicines:** Foreign-approved gene therapy drugs could bypass New Zealand's safety checks.
- ✗ **Farmers Lose Control:** No GMO-free zones; corporate patents dominate.
